SOFT SKILLS

- Active Listening
- Teamwork Communication
- Negotiation
- Presentation Skills
- Time Management
- Adaptability

About Me

I am a final-year Computer University student with a strong interest in ERP Functional Consulting and business process analysis. I am eager to learn how business requirements are translated into practical system solutions. I enjoy exploring ERP systems, understanding business workflows, and solving problems through analytical thinking. I am a quick learner, responsible, and willing to continuously improve my knowledge and skills. I am seeking an opportunity as a Functional Intern to apply my knowledge, gain practical experience, and contribute to team success.
